Dr. Alan Gregg
The Rockefeller Foundation
New York City

Dear Alan:

Early in the spring when I was in your office I spoke of George Draper's work in the clinic.* He has prepared a memorandum outlining his desires and plans. I thought you might be interested in looking it over. Please understand this is not a request for funds. It is a statement, however, which could be used in case a request should be made. I am sending it on to you merely thinking that you would be interested in reading it. Perhaps you would return it after looking it over since it is the only copy that I have. - returned

Yours sincerely

Bill Palmer.
